POLICY 101: ADOPTING & REVISING POLICIES

Originated: January 10, 1989
Revised: January 11, 2022
Reviewed: August 10, 2021

PURPOSE

This policy has been created to outline the process for the adoption of new board policies and reviewing and revising current board policies.

BOARD GUIDELINES AND POLICIES

It is the policy of the Fire District Board to be governed by a set of policies. The policies and rules shall be adopted by the Board and made available to staff, citizens and others as public documents.

The policies and rules of the District Board will be drafted, adopted and amended with full consideration for the Board's desire to provide fire and life safety protection of the best obtainable quality for the residents of the District within the limitations of the District's ability to support it.

The Board of Directors, representing the people of the District, is the governing body which determines all questions of policy to be employed in the conduct of fire district business.

In the event that a board policy is found to be in conflict with the state or federal law or the rules and regulations of a high authority such policy is automatically null and void without board action and will be deleted from the accumulated body of policies, rules and regulations.

In the event of a disagreement over the application, extent or interpretation of a policy, the resolution of the conflict will be based on the majority opinion of the Board. If such an interpretation is deemed to have future significance, it is suggested that it be appended to the applicable policy as a board rule which will clearly specify the intent of the Board in interpreting the policy.

Board policies may also be based on pertinent statutes. In this context they are designed to explain, detail, or otherwise organize the application of a policy consistent with the statutes. Board policies may also be applied to remind the Board, staff, and public of the existence of applicable statutes.

Proposals regarding adoption of district policy or changes, deletions, additions or repeal may originate from any of several sources including a taxpayer, an employee or an employee organization, volunteer of the Fire District, a member of the Board, the Fire Chief, a consultant, a civic group, etc.

POLICY ADOPTION, CHANGES AND REVIEW

In its deliberations leading to the establishment or amendment of board policy, the Board's central concern will be for increased efficiency and effectiveness in carrying out its legally mandated tasks and general policies in the interest of the public good.

It will be the policy of the District Board to recognize that all board policies shall remain flexible and be subject to review and change.

Silverton Fire District

Board Manual

To maintain efficiency and to facilitate the quality of Board policy review, the following review schedule has been established:

- Policy series 100, 300 and 500 will be reviewed during odd numbered years
- Policy series 200, 400 and 600 will be reviewed during even numbered years

Policies to be reviewed will be done during the first, third and fourth quarter of the fiscal year. These policies will be included in the board packet for July, October and January (March is reserved for budget and fiscal year ending work product). The review will be completed during the quarter in which it was presented and suggestions for change will be provided to the Fire Chief during the next scheduled board meeting, i.e.; series 100 policies are presented to the Board in their packet in July. All 100 series policies will be reviewed during July, August and September. Approved changes will be presented at the October board meeting.

In order to provide consistency, stability and integrity to board policies, it is recognized that changes in policies, except in the case of emergency, shall be executed in a precise manner and without undo haste.

An emergency shall be defined as an unforeseen circumstance requiring immediate action so as to prevent diminishment of the welfare of the District.

New proposed policies will be in writing and a copy will be given to each board member. Prior to adoption or revision, a new policy will be discussed at a Board meeting and the agenda will indicate that a proposed policy will be discussed. A copy of the proposed policy will be posted in a conspicuous place in the District Administrative Office's for at least ten (10) days prior to the board meeting. Prior to adopting a policy the Board will consider all input received from the public, the Chief, staff, volunteers and other board members. If the Board determines that a specific new policy is of such urgency or of an emergency nature, the Board may, upon a majority vote, suspend the 10 day posting requirement.

A copy of each new approved policy will be posted for thirty (30) days in a conspicuous place in the District Administrative Office's.

After a policy is adopted and is later revised, the existing wording will be viewed as a "strikeout" with the draft revised wording to be "underlined" for clarification.

The revised document presented will be marked as "Draft". When the revision is adopted, all portions in "strikeout" will be removed from the document and the revised date will be added.

The Board shall provide for a regular procedure for the evaluation of the way in which the policies and rules are functioning, and for the revision of those standards as necessary or as needed to update them in keeping with changes or laws and rules of other agencies or by court decision.

The assembled policies of the Board, known collectively as the "Board Policy Manual", shall be the reference instrument for conducting the business of the Fire District Board and shall be considered binding upon the actions of the Board, within the latitudes of policy interpretation, until such time as they are repealed or changed by prescribed process or such circumstances prevail so as to demonstrate an emergency requiring immediate change or temporary suspension.

APPLICATION

This policy applies to all meetings of the Board of Directors of the District, and to any meetings of subcommittees or advisory groups appointed by the Board if such subcommittees or advisory groups normally have a quorum requirement, take votes, and form recommendations as a body for presentation to the Board of Directors.

It will be the policy of the District Board to recognize itself as a policy making body that deliberates at regularly scheduled meetings and each board member shall make a diligent effort to be present and participate fully.

COMPLIANCE WITH LAW

It is the policy of the Fire Board that all meetings be conducted in accordance with Oregon Public Meetings Law, ORS 192.610-192.710, and 192.990, the decisions of the courts and with proper regard to “Due Process” procedures. In so doing, the Board will seek information from staff and other sources as appropriate, before decisions are made on policy and procedural matters.

Exceptions to this would be training sessions held without any deliberative action and special meetings held within the geographic boundaries of an adjoining District attending the meeting. All meetings shall be held in places accessible to the handicapped.

REGULAR MEETING

Regular meetings of the Fire District Board shall be held on the second Tuesday of the month, at 7:00 P.M., at the Silverton Fire District Main Station, 819 Rail Way NE., Silverton, Oregon 97381. EMERGENCY MEETINGS

Emergency meetings may be held at the request of persons entitled to call special meetings, upon less than 24 hours' notice in situations where a true emergency exists. An emergency exists where there are objective circumstances which, in the judgment of the person or persons calling the meeting, create a real and substantial risk of harm to the District which would be substantially increased if the Board were to delay in order to give 24 hours' notice before conducting the meeting. The convenience of Board members is not grounds for calling an emergency meeting.

At the beginning of any emergency meeting, the Director, or Directors calling such meeting, shall recite the reasons for calling such meeting, and the reasons the meeting could not have been delayed in order to give at least 24 hours' notice, which reasons shall be noted in the minutes. The Board shall then determine if the reasons are sufficient to hold an emergency meeting and, if not, shall immediately adjourn such meeting. Only business related directly to the emergency shall be conducted at an emergency meeting.

For regular meetings, the notice shall be in the form of an agenda, which shall be sent to all Board members, local media, and to all persons or other media representatives having requested notice in writing of every meeting. "Good faith efforts" shall include contacting the Oregon Disabilities Commission, or other state or local agencies that maintain a list of qualified interpreters;

If a meeting is held upon less than 48 hours' notice, the District shall make reasonable efforts to have an interpreter present.

The requirement for an interpreter does not apply to emergency meetings.

The Fire Chief shall be responsible for developing and maintaining a list of qualified interpreters, and shall have the responsibility for making the required good faith effort to arrange for attendance of an interpreter at any meeting for which an interpreter is requested.

PUBLIC PARTICIPATION

It is the intent of the Fire District Board to encourage attendance and participation at board meetings by all interested persons and residents of the district.

In the matter of motions before the Board, audience participation will be dependent upon the time available and the matter under discussion. The Board President may set a time limit on comments by an individual on any given issue.

In order to accomplish the tasks of the board in an orderly and expeditious manner the Board will attempt to limit repetitious testimony and discussion whenever possible as to not inconvenience those persons bringing business before the Board.

Persons failing to comply with reasonable rules of conduct outlined by the presiding officer, or causing any disturbance, may be asked or required to leave. Upon failure to do so, such persons become trespassers.

Votes shall be recorded. Any member may request that his or her vote be changed, if such request is made prior to consideration of the next order of business.

The “Ayes” and “Nays” upon votes taken shall be entered on the records on all questions called by the president. Any member may request that their vote be changed if such a request is made prior to consideration of the next order of business. Board Manual

ADJOURNMENT

The meeting shall be adjourned by a majority vote or as a result of the loss of a quorum.

EXECUTIVE SESSIONS

NOTICE

Notice for meetings called only to hold executive sessions shall be given in the same manner as notice for regular, special and emergency meetings set forth above, except that the notice need only indicate the general subject matter to be considered at the executive session, but it shall also set forth the statutory basis for calling the executive session.

NO FINAL DECISIONS

The Board shall not take any votes during any executive session, nor make any final decisions during any executive session. This policy, however, shall not prohibit full discussion of Board members' views during executive sessions.

CONDUCT OF EXECUTIVE SESSION

The Board President or other presiding officer shall announce the executive session by identifying the authorization under ORS 192.660 for holding the session and by noting the subject of the executive session before going into closed session. Once the executive session has been convened, the Board President shall direct any representatives of the news media who are present not to report certain specified information from the executive session. POLICY 104: PUBLIC RECORDS

Originated: September 9, 2003

Revised: October 8, 2019

Reviewed: November 10, 2020

PURPOSE

The purpose of this Public Records Policy is to establish an orderly and consistent procedure for responding to public records requests; to establish the basis for a fee schedule designed to reimburse the District for the actual costs incurred in responding to public records requests; and to inform citizens of the procedures and guidelines that apply to public records requests.

COMPLIANCE WITH OREGON LAW

The Silverton Fire District recognizes that Oregon Public Records Law (ORS 192.410-192.505) gives members of the public the right to inspect and copy certain public records maintained by the District. The District also recognizes that certain records maintained by the District are exempt from public disclosure, or that disclosure may require balancing the right of the public to access the records against individual privacy rights, governmental interests, confidentially issues and attorney/client privilege. Additionally, when the District receives a request to inspect or copy public records, costs are incurred by the District in responding to the request. The purpose of this Public Records Policy is **(a)** to establish an orderly and consistent procedure for responding to public records requests; **(b)** to establish the basis for a fee schedule designed to reimburse the District for the actual costs incurred in responding to public records requests; and **(c)** to inform citizens of the procedures and guidelines that apply to public records requests.

POLICY

It is the policy of the District to respond in an orderly, consistent and reasonable manner in accordance with the Oregon Public Records Law to requests to inspect or receive copies of public records maintained by the District. When a request is submitted in writing, the District will respond within five business days acknowledging the receipt of the request. The District will have an additional ten business days to fulfill the request or issue a written response estimating how long fulfillment will take. The District is not subject to the response timeframe if the District is awaiting a response from the requester seeking clarification of the inquiry or if the requester has not agreed to pay in advance for requested record(s). Additional time may be needed and will vary based on the size and complexity of the request, availability of staff time and resources, and whether legal counsel needs to be consulted prior to disclosing the requested record(s).

PUBLIC RECORDS DEFINED

Oregon Public Records law defines a public record as:

“any writing containing information relating to the conduct of the public’s business, including but not limited to court records, mortgages, and deed records, prepared, owned, used or retained by a public body regardless of physical form or characteristics.” ORS 192.410(4).

TYPES OF PUBLIC RECORDS

A record may be handwritten, typed, photocopied, printed, microfilmed, and exist in an electronic form such as e-mail or a word processing document, or other types of electronic recordings.

Many public records requests are requests for information that would actually require the creation of a new public record. Public bodies are not obligated under Oregon's Public Records Law to create new public records where none exists in order to respond to requests for information. Although a public body may, if it chooses, create a new record to provide information, the public body does not have to create a new record and only has a duty to allow the inspection and copying of an existing public record.

The District is obligated to provide public records in the format in which they exist. If requested public records are in electronic form, the District will make arrangements to inspect the record with the appropriate device, such as a computer or tape recorder. The District is not obligated to provide a public record in another form, such as a written transcript. The District may provide the public record in an alternative format such as a transcript if it wishes and the person making the request fully reimburses the District for the costs of providing the record in such alternative form. This District will provide records in alternative format at no cost, if necessary to provide reasonable accommodation to persons with disabilities.

The minutes of the meetings of the Fire Board will be maintained by the fire district staff designee and shall provide for information as required by law (ORS 192.650 (1)) and board policies.

The Board secretary or designee will record all proceedings of the Fire Board meetings and file these in chronological order in books provided for that purpose. The official minutes of board meetings, including supporting documents, will be open for inspection by the public at the office of the Fire Chief during regular business hours. Minutes of executive meetings are not subject to this provision in accordance with ORS 192.660.

The Fire District budget, statistical compilations, reports, notices, bulletins, memoranda, minutes of meetings and official communications between governmental branches in whatever form are public records and access to them during normal business hours shall be granted to any citizen upon request.

In accordance with the public records law, certain records, such as executive meeting minutes and personnel records, are not included in the category of records to which the right of access is to be granted by the fire district.

Original minutes and records in any form of executive sessions will not be viewed, reviewed, or released without a written request and subsequent written authorization from the Board of Directors and Fire Chief upon advice from the district's attorney. Any and all cost incurred by the district to produce the requested documentation will be paid by the requesting party for actual costs of producing the records.

PUBLIC RECORDS EXEMPT FROM DISCLOSURE

There are numerous types of public records that are exempt from disclosure. Many of these exemptions may be found in ORS 192.501 and ORS 192.502. Others may be located in other Oregon statutes. A few specific exemptions worth special notice are as follows:

The district shall estimate the total amount of time required to respond to the records request, and the person making the request shall make payment for the estimated cost of the search and copying of the records in advance. If the actual time and costs are less than estimated, the excess money shall be refunded to the person requesting the records. If the actual costs and time are in excess of the estimated time, the difference shall be paid by the person requesting the records at the time the records are produced.

Additional Charges: If a request is of such magnitude and nature that compliance would disrupt the District's normal operation, the District may impose such additional charges as are necessary to reimburse the District for its actual costs of producing the records.

Reduced Fee or Free Copies: Whenever the Fire Chief determines that furnishing copies of public records in the District's possession at a reduced fee or without costs would be in the public interest, the Fire Chief may so authorize ORS 192.440(4).

AUTHORIZATION REQUIRED FOR REMOVAL OF ORIGINAL RECORDS

At no time shall an original record of the District be removed from the District's files or the place at which the record is regularly maintained, except upon authorization of the Board of Directors or Fire Chief.

**POLICY 105: DUTIES, RESPONSIBILITIES, & GOVERNANCE
OF THE BOARD**

Originated: October 14, 2014

Revised: March 8, 2016

Reviewed: November 10, 2020

PURPOSE

This policy is intended to outline and describe the responsibilities, authority and obligations Board members fulfill in the operation of the District. While some responsibilities are of a legal nature, others are not. Many duties overlap but the clear lines of responsibility and authority must be understood to prevent duplication of efforts and promote efficient operations.

DUTIES AND RESPONSIBILITIES

MEETING THE NEEDS OF THE DISTRICT

It is the policy of the Board of Directors to exercise those powers granted to it, and to carry out those duties assigned to it by law, in such a way as to best meet the needs of the District.

FORMULATION AND INTERPRETATION OF DISTRICT POLICY

Board Members only have the right and responsibility to participate in Board meetings and vote on District matters as part of the Board. The most important activity of the Board in performing this responsibility is the formulation and interpretation of District policies. To this end, the Board shall establish policy, reserving to itself all authority and responsibility not directly assigned to other District officers and personnel.

MANAGEMENT AND COMMUNICATION BETWEEN BOARD AND STAFF

The primary responsibility of the Board is to make policy level decisions for the District. Management of the daily operations and staff is the responsibility of the Fire Chief. Unless otherwise authorized by a quorum of the Board, no individual Board member may direct or order a staff member on any matter that relates to the daily operations or administrative activities of the District. Moreover, unless otherwise authorized by the Board, no individual Board member may order, direct, or conduct any review of personnel records of any staff member or any other record that is exempt under Public Records Law.

BOARD MEETING CONDUCT

The Board President shall preside at Board meetings. In the President's absence, the Vice-President shall preside. If both the President and Vice-President are absent, any other member of the Board may preside. Board members shall be respectful of one another and follow the direction of the Chair. They should avoid personal attacks and keep discussions on policy, not individuals. Meetings shall be conducted in such a manner as to provide a full and fair opportunity for discussion of the issues in an efficient and

timely manner. Any decision of the President or other presiding officer at the meeting may be overridden by a majority vote of the Board.

BOARD MEMBERS AUTHORIZED BY OFFICIAL BOARD ACTION ONLY

Board members have no individual powers separate from the powers of the Board and have no authority to act individually without delegation of authority from a quorum of the Board. Likewise, no individual Board member may speak for or on behalf of the Board or District, except as authorized to do so by official Board action as recorded in the official minutes, guidelines, or policies of the District.

ETHICAL STANDARDS

Board members act as representatives of the citizens of the District. Therefore, Board members shall adhere to the highest ethical standards in the conduct of District business. As public officials they are required to comply with Oregon Ethics Laws. Each Board member should be provided with a copy of the Oregon Government Ethics Commissions *Guide for Public Officials*.

BOARD MEMBER EDUCATION

In order to effectively carry out their duties, Board members must be adequately informed. Members are encouraged to attend such conferences and other training programs as the Board may authorize.

DISCIPLINE

The Board has the right to enforce its rules and expect ethical and honorable conduct from its members. The Board will make every effort to resolve an issue by speaking to the individual privately. Should disciplinary action need to be taken, the following actions may be considered:

- A motion that the member must apologize;
- A motion that the member must leave for the remainder of the meeting;
- A motion to censure the member; or
- A motion to suspend a member's rights for a designated period of time.

GOVERNANCE

**POLICY 106: BOARD MEMBER ETHICS & CONFLICTS OF
INTEREST**

Originated: February 1, 2016

Revised:

Reviewed: November 10, 2020

PURPOSE

The purpose of this policy is to establish ethical standards of conduct for all district public officials in accordance with Oregon Government Ethics law.

FINANCIAL GAIN

No Board member will use his/her official position or office to obtain personal financial benefit or to avoid financial detriment for him or herself, relative or household members, or for any business with which the Board member, a household member or a relative is associated.

This prohibition does not apply to any part of an official compensation package, honorarium allowed by ORS 244.042, reimbursement of expenses, or unsolicited awards of professional achievement.

GIFTS

No public official shall solicit or accept a gift or gifts with an aggregate value in excess of \$50 in a calendar year from any single source who could reasonably be known to have a financial interest in the official actions of that public official. The \$50 gift limit applies separately to the Board member, and to the Board member's relatives or members of household, meaning that the Board member and each member of their household and relative can accept up to \$50 each from the same source/gift giver.

A gift is defined as something of value given to a public official, for which the official does not pay an equal value. Gifts of entertainment are included in the \$50 gift limit.

This does not mean that an official cannot receive any gifts. The law only restricts gifts from sources that have an administrative or legislative interest in the public official's actions, and does allow the public official to receive up to \$50 worth of gifts from each source. A legislative or administrative interest means an economic interest distinct from that of the general public, in any action subject to the decision or vote of a person acting in the capacity of a Board member. In addition, unlimited gifts may be accepted from a source that does not have a legislative or administrative interest in the public official, and the public official may accept unlimited gifts from specified relatives.

CONFLICT OF INTEREST

No Board member will solicit or receive, either directly or indirectly, any pledge or promise of future employment based on any understanding that the Board member's vote, official action or judgement would be thereby influenced.

No Board member will attempt to use or use for personal gain any confidential information gained through his/her official position or association with the District.

Silverton Fire District

Board Manual

If a Board member participates in the authorization of a public contract, the Board member may not have a direct beneficial financial interest in that public contract for two years after the date the contract was authorized.

Individual Board members and the Board as a public entity are bound by the Code of Ethics for public officials as stated in Oregon Law.

Oregon Government Ethics law identifies and defines two types of conflicts of interest: actual conflict of interest and potential conflict of interest.

The difference between an actual conflict of interest and a potential conflict of interest is determined by the words “would” and “could.”

A public official is met with an actual conflict of interest when the public official participates in action that would affect the financial interest of the official, the official’s relative or a business with which the official or a relative of the official is associated.

A public official is met with a potential conflict of interest when the public official participates in action that could affect the financial interest of the official, a relative of that official or a business with which the official or the relative of that official is associated.

A public official must announce or disclose the nature of a conflict of interest. The way the disclosure is made depends on the position held. The following public officials must use the methods described below:

- Potential Conflict of Interest: Following the public announcement, the public official may participate in official action on the issue that gave rise to the conflict of interest. Abstaining from a vote does not meet the legal requirement of publicly stating a potential conflict.
- Actual Conflict of Interest: Following the public announcement, the public official must refrain from further participation in official action on the issue that gave rise to the conflict of interest.

If a public official is met with an actual conflict of interest and the public official’s vote is necessary to meet the minimum number of votes required for official action, the public official may vote. The public official must make the required announcement and refrain from any discussion, but may participate in the vote required for official action by the governing body. These circumstances do not often occur. This provision does not apply in situations where there are insufficient votes because of a member’s absence when the governing body is convened. Rather, it applies in circumstances when all members of the governing body are present and the number of members who must refrain due to actual conflicts of interest make it impossible for the governing body to take official action.
