April 27, 2026

To: Silverton Fire District Board of Directors, Budget Committee, Citizens, and Members
Subject: Budget Message for Fiscal Year 2026–2027

I respectfully submit the balanced budget for fiscal year 2026–2027, as required by ORS 294.331. This budget is within the District’s permanent tax rate of \$1.03 per \$1,000 of assessed value. Like previous years, this budget has been developed through the collaboration of many members of the District. We have worked diligently to estimate and forecast revenues and expenditures necessary to provide professional fire, rescue, and EMS services to our community.

The Fire District’s budget document includes detailed descriptions and explanations of proposed resources and expenditures. These details are provided to clarify the programs and services offered by the District and to support effective monitoring of spending throughout the year. This format has been well received by the Board and Budget Committee in previous years and continues to serve as a valuable management tool to provide a clear understanding of the District’s financial outlook.

In preparing this budget, we have made several key assumptions based on current economic forecasts and conditions. We remain vigilant in monitoring the external environment, recognizing that economic changes significantly impact our ability to maintain current service levels. Our approach complies with established fiscal policies and aims to safeguard the District’s long-term financial health.

Revenue Overview

The District continues to rely primarily on property tax revenue, which accounts for the majority of our funding. For FY 2026–27, we forecast a 3% increase in assessed valuation, with no or very little anticipated additional tax revenue from new construction. This stagnation may be attributed to continuing high interest rates, which continue to limit growth in assessed values and property tax revenue. At the same time, double-digit increases in operating costs continue to challenge our ability to build reserves and invest in facilities and fleet improvements. The effects of Measure 50 continue to put huge constraints on the Fire District financial situation. Our revenues are capped but our expenses are not.

Additional revenues include grants, conflagration deployments, interest earnings, and other miscellaneous sources. We remain committed to pursuing grant opportunities to offset costs and reduce reliance on local taxpayers.

Personnel Services

Personnel costs remain the largest component of the budget, totaling **\$1,679,360**. This funding supports nine full-time employees as well as our dedicated volunteer members. Key cost drivers include wages, retirement contributions through PERS, and health insurance premiums. The District continues to evaluate staffing models to ensure consistent and reliable emergency response coverage.

Our volunteer firefighters remain a cornerstone of our organization. The Volunteer Incentive Plan continues to support recruitment, retention, and training participation, reinforcing the critical role volunteers play in our service delivery.

Materials and Services

The Materials and Services budget totals **\$981,181**, reflecting increased costs in several operational areas. Notable increases include fuel, vehicle maintenance, insurance, and building maintenance. These investments are necessary to maintain safe, functional facilities and ensure that our apparatus and equipment remain response-ready.

We continue to prioritize training, safety compliance, and operational readiness, including required equipment testing, firefighter health programs, and ongoing professional development.

Capital Outlay

The Capital Outlay budget of **\$150,500** focuses on maintaining and replacing essential equipment. This includes continued replacement of aging protective gear, communications equipment, and tools. Additionally, funds are allocated to complete outfitting of a recently acquired brush truck, enhancing our wildland response capabilities.

Reserves and Long-Term Planning

The District continues to prioritize long-term financial stability through its reserve funds. A transfer of **\$100,000** to the Reserve Fund supports future capital needs, including apparatus, facilities, and equipment replacement. Additional transfers support the Volunteer Incentive Plan and Personnel Expense Reserve Fund.

The Personnel Expense Reserve Fund remains an important tool in managing grant-funded staffing and future personnel-related obligations. The extension of the Oregon State Fire Marshal Capacity Grant through December 2026 continues to provide valuable support, though it requires a 50% local match.

Debt Service

The District remains committed to meeting its obligations under the 2015 General Obligation Bond. For the 2026–2027 fiscal year, total debt service payments are **\$379,700**, funded through a dedicated property tax levy.

Budget Summary

The Fire District's budget consists of six funds:

- **Fund 22 – Debt Service**
- **Fund 24 – Volunteer Incentive Fund**
- **Fund 25 – General Fund**
- **Fund 29 – Reserve Fund**
- **Fund 30 – Capital Improvement Fund** With all projects from the 2015 GO Bond completed, this fund was closed by Resolution 26-368 on January 13, 2026 and will be shown in the district budget for three years as required by Oregon budget law.
- **Fund 31 – Personnel Expense Reserve Fund** (to prepare for unanticipated increases in personnel expenses)

Each fund is detailed in its respective section within the budget document.

General Fund revenues for FY 2026–27 are estimated at **\$3,947,141**, representing an overall **4% increase** compared to the previous fiscal year. Revenue sources include **property taxes, grants, and cash carryover**. Our staff continues to seek external funding through FEMA’s AFG grant and the Oregon State Fire Marshal’s Office (OSFM) for capacity-building and summer staffing programs. Notably, the District has secured \$35,000 annually for summer staffing over the past four years. This fiscal year marks the final year of a three-year OSFM capacity grant supporting a firefighter-EMT position.

Proposed expenditures are as follows:

- **Personnel Services:** \$1,679,360
- **Materials and Services:** \$981,181
- **Capital Outlay:** \$150,500
- **Contingency:** \$100,000
- **Transfers:**
 - To Fund 24 (Volunteer Incentive Plan): \$15,100
 - To Fund 29 (Reserve Fund): \$100,000
 - To Fund 31 (Personnel Expense Reserve): \$36,000
- **Unappropriated Ending Fund Balance:** \$885,000

Total requirements match revenues at **\$3,947,141**.

Noteworthy Budget Items for FY 2026–27

- **Fund 22 – Debt Service:**

This fund includes the **eleventh annual payment** on the 14-year 2015 General Obligation Bond through JP Morgan Chase. Total principal and interest payments amount to **\$379,700**. To ensure full collection, we will levy **\$387,449**, using a collection factor of **98%** to account for potential shortfalls.
- **Fund 25 – Personnel (Account 25-1-51001):**

The District continues to fund 9 FTE positions. Personnel budget includes a 3.0% cost of living adjustment, as approved by the Board in April. Additional longevity incentives may apply based on employee service tenure.

- **Health Insurance (Account 25-1-51005):** Premium renewal was slated to increase by **9.22%** this year so staff elected to switch to a plan option with higher deductible and copay that would reduce premiums by 4.26%. The District remains part of the **Oregon Fire Chief's Association (OFCA)** benefits group, with **Regence** providing health and prescription coverage and **MODA** covering dental. OFCA continues to include **MASA (Medical Air Services Association)** memberships for employees at no additional cost. The District also extends MASA coverage to volunteers and board members, replacing previous Life Flight and Woodburn Ambulance memberships. MASA's monthly renewal structure allows for more flexible membership management.
- **HRA-Health Reimbursement Accounts (Account 25-1-51012):** The monthly HRA VEBA account contribution was increased by \$100 per month to \$300 per month by Board action, April 2026 to take effect July 1, 2026.
- **Fund 29 Building Reserve (29-1-71001):** \$56,000
- **Fund 29 Equipment Reserve (29-1-71003):** \$67,000
- **Fund 29-Apparatus Reserve Fund (29-1-71010):** \$85,500 to finish the type 6 brush truck, engine replacement to B487, transmission replacement E416, and L408 head gasket replacement.
- **Fund 31 Personnel Expense Reserve:** OSFM approved a six-month extension for the Silverton Fire District, allowing grant funding to continue through December 2026. The District's match will remain at 50% during this extension period. Unexpended grant funds at the end of December 2026 must be returned to OSFM and \$100,000 has been budgeted for in the event these funds are not fully expended.

In this continued period of financial uncertainty, we must remain cautious and conservative in our budgeting to protect service quality and organizational sustainability. It is crucial to remember that this Budget is a **plan**—a plan developed with careful consideration of multiple scenarios and budgetary components.

This proposed budget meets all **federal and state mandates**, as well as local obligations, and positions the District to **maintain current service levels**. We are optimistic about the future, though we acknowledge potential challenges, including rising inflation and increased costs related to materials, services, PERS, and employee benefits.

I extend my sincere gratitude to all who contributed to the development of this budget, especially **Office Administrator Candace Cantu** and **Administrative Assistant Kaylee Spencer** for their dedication and countless hours of effort. I also thank the **Budget Committee** and **Board of Directors** for your time, insight, and continued support.

Respectfully,

Bill Miles

Bill Miles, Fire Chief/Budget Officer

SILVERTON FIRE DISTRICT

Brief History and Organization

The Silvertown Fire District is a rural fire protection district organized and operating under the authority of ORS Chapter 478 as a municipal corporation and special district of the State of Oregon, and located within Marion and Clackamas Counties approximately 60 miles southeast of the City of Portland and approximately 10 miles east of the City of Salem. The District provides fire suppression, rescue and emergency medical services to the Cities of Silvertown and Scotts Mills and the surrounding rural areas, serving a permanent population of approximately 19,850 and a transient population of approximately 225,000 annually. The District's boundaries encompass approximately 106 square miles with approximately 10,000 residents residing in the rural-urban interface.

On May 01, 1883 the "Eagle Hook and Ladder No. 1" was formed in the Silvertown area. Over the years the organization has changed many times. In 1946 the Silvertown Rural Fire Protection District was formed and contracted for fire protection from the City of Silvertown in 1947. In 1982 the decision was made to consolidate the City and Rural District into one District. In 1992 the District merged by vote of the public with the Scotts Mills Fire District. Presently the District provides protection for 106 square miles with five stations and over seventy volunteer firefighters.

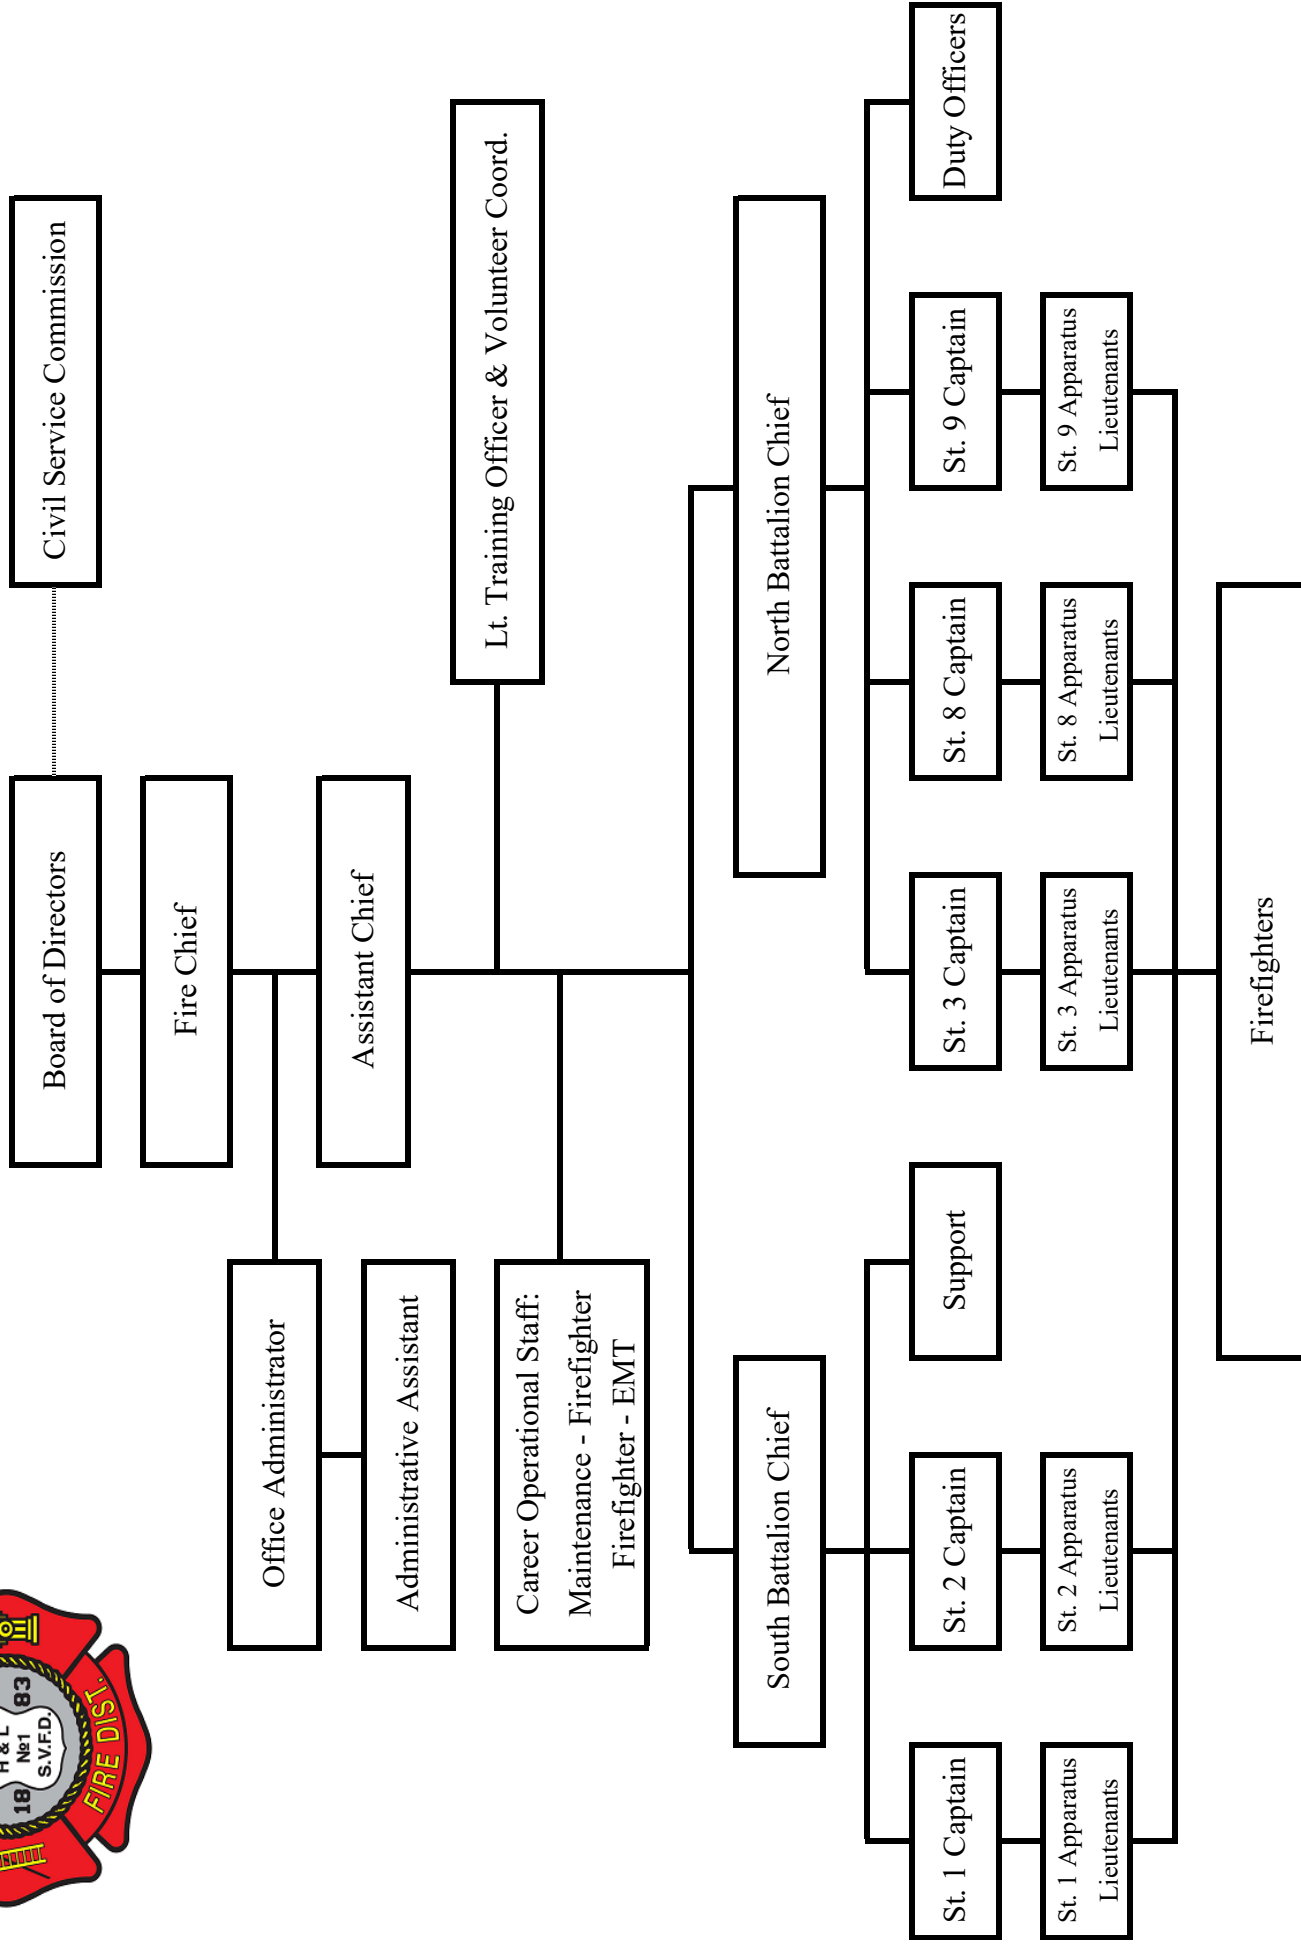

The Board of Directors is the legal governing body of the Fire District. The Board consists of five (5) members elected by popular vote of the citizens within the Fire District. Each member serves a four-year term and meets the second Tuesday of each month.

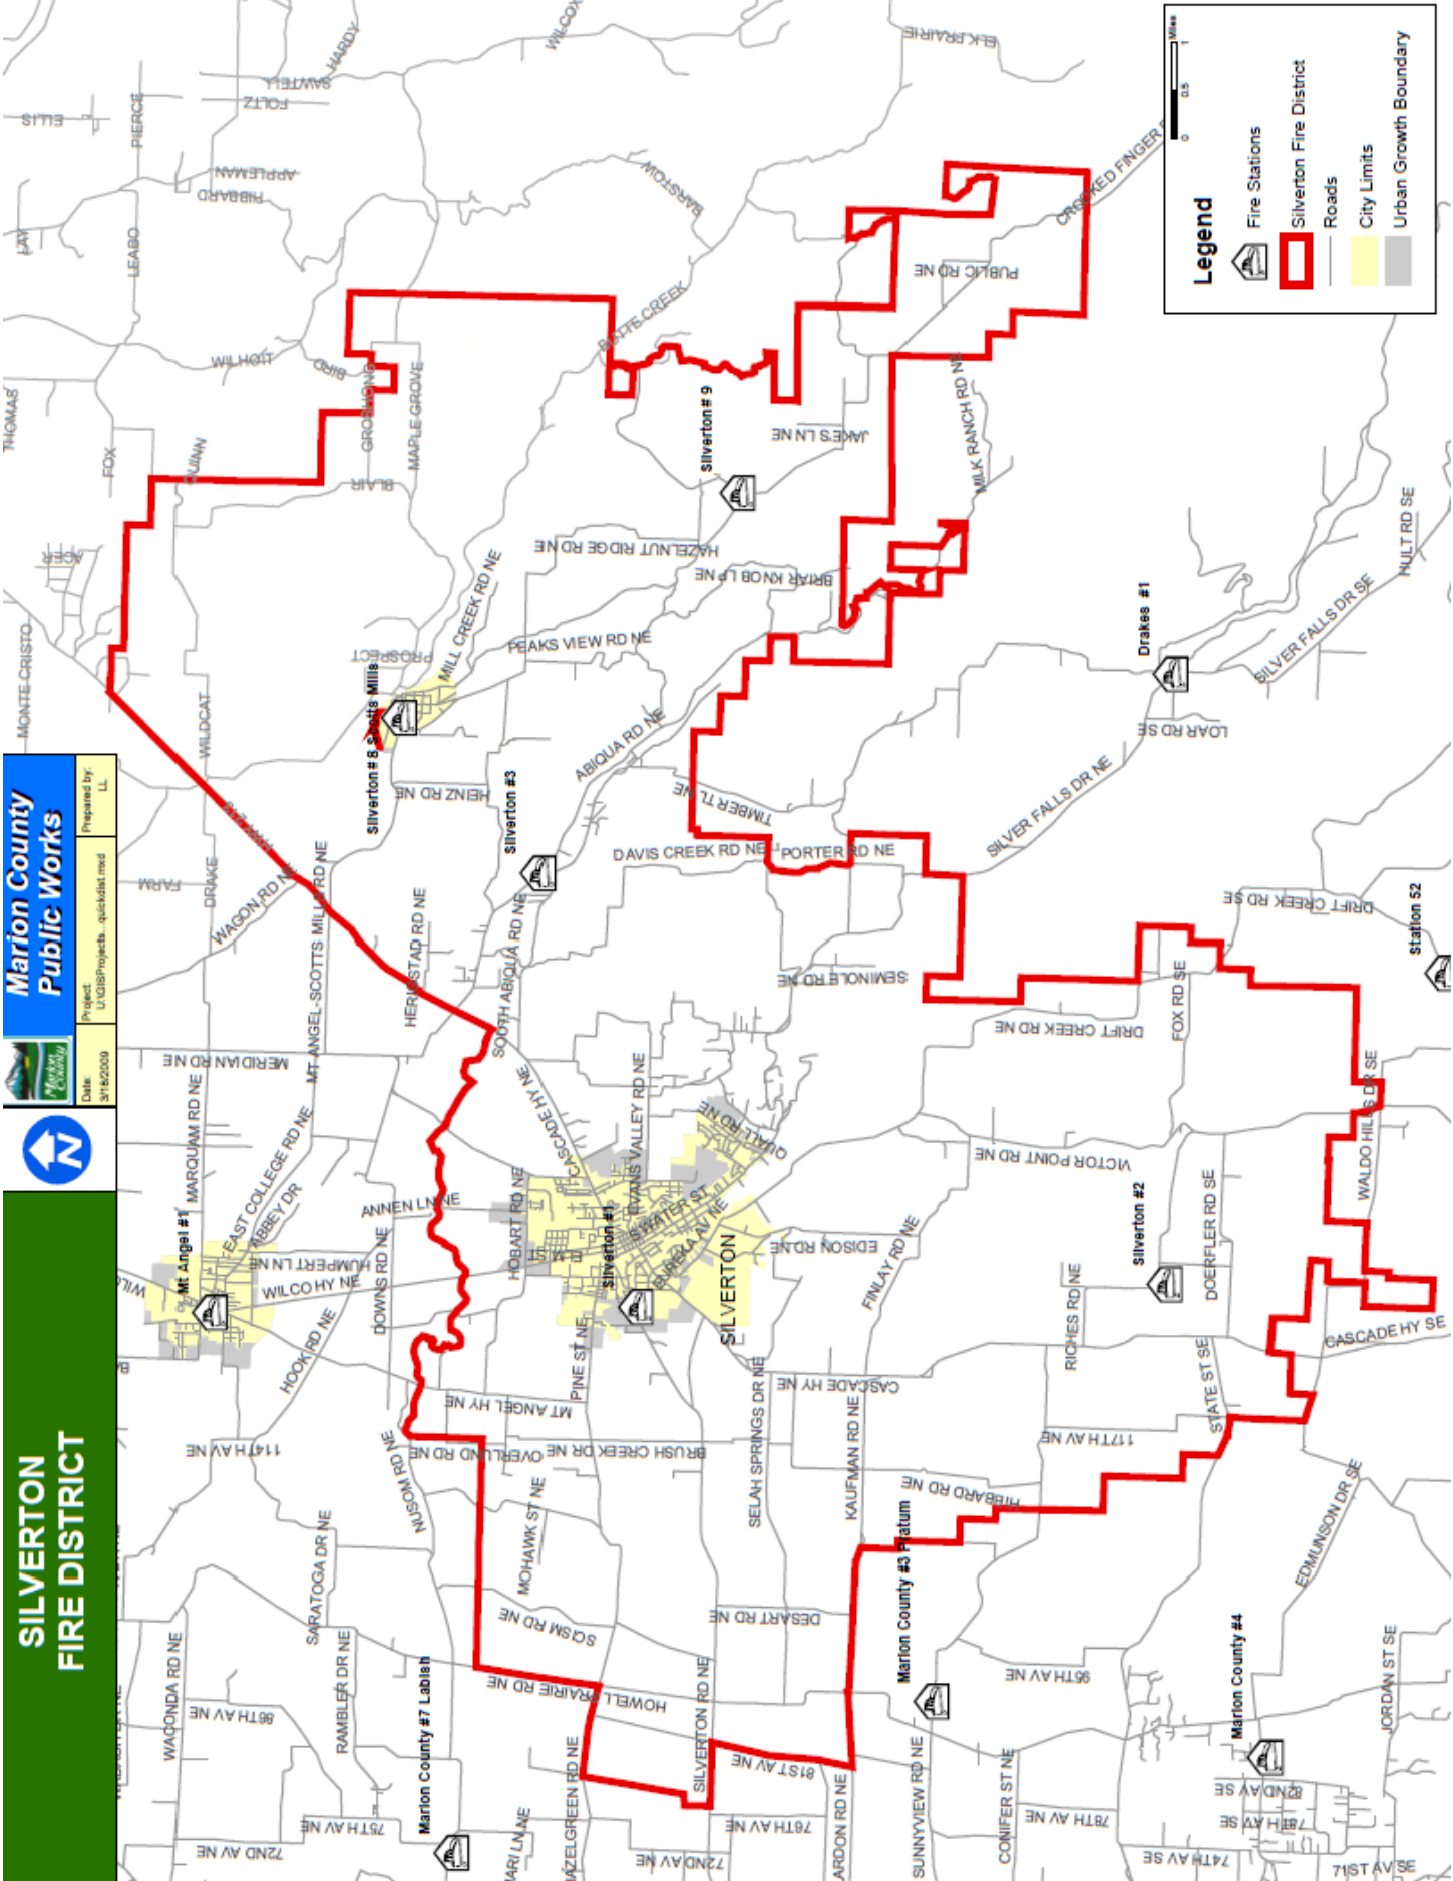

The current paid staff consist of nine full-time employees. Volunteers and paid staff work under the direction of the Fire Chief.

The organization is divided into several areas. Management, Operations, Training, and Maintenance are duties supported by staff. The Silvertown (South) and Scotts Mills (North) Battalions are under the direction of Volunteer Battalion Chiefs. The Suppression force consists of volunteers that reside or are employed in proximity to each respective station. Other areas of special service under Suppression are divided into sections of Rescue, Ladder, Tender, Investigations and Support Services. The staffing for these additional sections also come from the volunteers who have special interests in one or more of the sections. Station captains and apparatus lieutenants along with all firefighters within the Fire District operate under the National Incident Management System (NIMS).

Fund 22: Debt Service Fund Description

Fund 22 is designated as the debt service fund for the repayment of the Series 2015 General Obligation Bond. Expenditures from this fund are exclusively used to cover the bond's principal and interest payments. In accordance with statutory requirements, property taxes levied to repay general obligation bonds must be used solely for that purpose and cannot be diverted for other uses. These taxes are levied outside the District's permanent rate limit to support the debt obligations associated with general obligation bonds.

The Series 2015 General Obligation Bond is a 14-year direct placement with JP Morgan Chase, bearing an interest rate of 2.25%. The original principal amount was \$4,155,000, with total interest over the life of the bond amounting to \$785,285. The combined total repayment obligation is \$4,940,285.

Bond payments are structured with annual principal and interest payments due by December 1st of each year, and an additional interest-only payment due by June 1st. Over the term of the bond, the principal portion of the payments increases annually, while the interest portion decreases correspondingly. The final payment—consisting of a \$400,000 principal and \$4,500 in interest—is scheduled for December 1, 2029.

The upcoming eleventh principal payment of \$350,000 and corresponding interest payment of \$16,819 are due on December 1, 2026. Additionally, an interest-only payment of \$12,881 is due on June 1, 2027. The total payment obligation for this period amounts to \$379,700.

Using a collection rate of 98%, it is necessary to impose a property tax levy of \$387,449 to ensure sufficient funds are collected to meet the payment obligations for the December 1, 2026 principal and interest (\$366,819) and the June 1, 2026 interest-only payment (\$12,881).

SILVERTON FIRE DISTRICT

2026 - 2027

Fund 24: Volunteer Incentive Plan Summary

The Board of Directors established the Volunteer Incentive Plan on June 8, 1993, to provide recognition and encourage continued participation among the District's volunteer members. The primary objective of the plan is to incentivize consistent attendance at drills and training sessions, thereby supporting ongoing education and ensuring a high standard of service to the public. The program also reinforces the District's foundational reliance on volunteer personnel to deliver essential services.

The plan has undergone revisions by the Volunteer Incentive Plan Committee to ensure its continued relevance and effectiveness.

Funding for this program is provided through transfers from Fund 25 – Personnel Services. For the current fiscal year, a transfer of \$15,100 has been allocated to support the plan. Additionally, FICA and Medicare taxes associated with this plan will now be budgeted within this fund. These payroll tax expenses were previously covered under the Social Security line item (25-1-51004) in Fund 25.

SILVERTON FIRE DISTRICT

2026 - 2027

Fund 25: General Fund Summary and Description

Fund 25 serves as the general fund, or operations budget, for the fire district. It is structured into the following categories: Resources, Personnel Services, Materials and Services, Capital Outlay, Debt Service, Contingency, Transfers, and Ending Fund Balance.

GENERAL FUND 25 – RESOURCES

Beginning Fund Balance (Account 25-0-30000)

This amount represents a conservative estimate of the Ending Fund Balance from the prior fiscal year (also referred to as Beginning Cash on Hand for the new fiscal year). These carryover funds are budgeted and made available to support District operations from July through November, prior to the receipt of property tax revenues. By utilizing these available resources, the District can maintain uninterrupted services without the need to incur debt or borrow funds during the early part of the fiscal year. This estimate reflects anticipated balances at the close of fiscal year 2025–2026.

2023-2024 Actual	2024-2025 Actual	2025-2026 Adopted	2026-2027 Proposed
\$1,469,970	\$1,463,039	\$1,410,000	\$1,466,000

Property Taxes Current (25-0-41001)

The Silverton Fire District relies mainly on property tax collections for revenue. The District’s 2025-2026 assessed value (AV) in Marion County, (excluding urban renewal) is \$1,806,467,499 and the portion of the District in Clackamas County is \$86,947,083. This gives a total 2025-2026 AV for the entire District of \$1,893,414,582. The counties will not have the figures for 2026-2027 until the end of September, so we use 2025-2026 AV figures. Based on growth estimates from the county assessor’s office in Marion and Clackamas Counties, we are projecting AV growth of 3.0% with a 95.2% collection rate. We estimate the AV for 2026-2027 will be \$1,950,217,019. Since Measure 47/50 was passed, the spread between AV and real market value (RMV) has buffered the District from the volatility of many of the other government’s revenue sources such as income taxes, business taxes, and building permit fees. As long as the total cost of general government services does not exceed \$10/\$1,000 of RMV on individual properties, then AV is allowed to grow at the 3 percent limit.

2023-2024 Actual	2024-2025 Actual	2025-2026 Adopted	2026-2027 Proposed
\$1,749,242	\$1,808,601	\$1,854,088	\$1,930,314

Property Taxes Delinquent (25-0-41002)

Under Oregon law, taxpayers are eligible for a discount if they pay their property taxes in a timely manner. A 3% discount is applied when the full amount is paid by November 15, while a 2% discount is granted if at least two-thirds of the total amount due is paid by that date. As a result, even if all taxpayers pay on time, the District will not collect 100% of the taxes levied or billed due to these statutory discounts. Additionally, not all taxpayers fulfill their property tax obligations in the year they are billed. Amounts that go unpaid during the billing year are classified as "uncollectible." These uncollectible amounts eventually become delinquent taxes, which may be collected in subsequent years as previously levied revenue.

Interest (Account 25-0-45002)

This account reflects interest revenue earned from the District’s financial holdings, including funds maintained in the Local Government Investment Pool (LGIP) and the District’s checking and money market accounts at Umpqua Bank in Silverton. Managed by the Oregon State Treasury, the LGIP offers competitive short-term interest rates, providing both liquidity and security for public funds. In recent years, LGIP yields have ranged from approximately 4.00% to over 4.50%, depending on market conditions.

Rural Address Sign Program (Account 25-0-45007)

This account captures revenue from the District’s Rural Address Sign Program, which involves the sale and installation of metal address signs to District residents at cost. Each sign is priced at \$30, covering materials and installation. The program aims to improve public safety by ensuring that properties are clearly identified for emergency services. All program revenues are deposited into this account.

Grant Revenue (Account 25-0-45068)

The 2026–2027 budget anticipates revenue from federal, state, and private grants to support equipment purchases, training, facility upgrades, and other operational needs. This revenue reflects the District’s commitment to pursuing alternative funding sources to reduce dependence on local taxes. Grant revenue is matched by corresponding expenditures in the Grant Expenses account to ensure compliance with grant conditions and accounting standards.

GENERAL FUND 25 – CONTINGENCY & TRANSFERS

Contingency (Account 25-1-90001)

Contingency allows the District the ability to transfer appropriations into other categories during the year through resolution or a supplemental budget process. No more than 15% of the total appropriations of the fund can be transferred out of contingency with a resolution. Anything more than that requires adopting a supplemental budget. The District, by law, is authorized to do so only for expenditures not anticipated or determined at the time of budget adoption. The appropriation of contingency allows for a certain level of disaster preparedness.

Fund 29: Reserve Fund Summary

The Board of Directors established this fund on May 11, 2010, to accumulate resources for the purchase of fire apparatus, equipment, facilities, and related maintenance as needed. In accordance with Local Budget Law (ORS 294.346; ORS 280.050), a reserve fund is the appropriate mechanism for carrying funds forward from year to year. Expenditures are formally appropriated and paid directly from the reserve fund. Additionally, the governing body is required to review the fund at least every 10 years to determine whether it should be continued or discontinued. The most recent review occurred at the regular Board meeting on May 14, 2020.

We propose transferring \$100,000 from the General Fund to the Reserve Fund.

SILVERTON FIRE DISTRICT

2026 - 2027

Fund 31: Personnel Expense Reserve Summary

The Board of Directors established this fund during its April 12, 2016 meeting to provide a financial reserve for unforeseen and non-routine personnel expenses. It also serves as a funding source for accrued employee benefits payable upon separation from the district. Budgeted amounts in this fund account for both current and anticipated liabilities, including accrued vacation, workers' compensation, Social Security, pension contributions, and unemployment insurance assessments.

Fiscal Year 2025–2026 was the final year of a three-year staffing grant awarded through the Oregon State Fire Marshal (OSFM) Capacity Grant Program, originally received in FY 2023. The grant included a graduated match requirement of 10% in year one, 25% in year two, and 50% in year three.

OSFM has approved a six-month extension for the Silverton Fire District, allowing grant funding to continue through December 2026. The District's match requirement will remain at 50% during this extension period. Any unexpended grant funds as of December 2026 must be returned to OSFM; accordingly, up to \$100,000 has been budgeted for potential reimbursement of unused funds.

The District has budgeted \$35,000 in anticipation of the OSFM Summer Wildland Upstaffing Grant for the 2026-2027 fiscal year; however, official award notification has not yet been received. If the District is not awarded the grant, these funds will not be expended.

The beginning fund balance includes approximately \$141,408 in remaining OSFM Capacity Grant revenue. To support ongoing personnel-related obligations, a transfer of \$36,000 from the General Fund (Fund 25) is budgeted for the current fiscal year.
