

Safety Committee Minutes
March 6th, 2024

Meeting called to order: 1800

Members in attendance: I. Peterson, K. Smith, R. Parvin, R. Dandeneau, K. Veit.

Old Business: We developed and implemented a system to track inspection of SCBA cylinders during the filling process. This system has been deployed and an email has been sent out to inform and educate district members; evaluation will be ongoing.

Work is ongoing to develop members of the districts Safety Committee. To date Ron Parvin, Ray Dandeneau and James Rucks have committed. Staff member Ian Peterson has expressed interest

Committee member Parvin suggested that we pursue additional district training for EV vehicles. We will be seeking additional educational/ drill ideas. Lt Brown is working on options for training.

New Business: The district will be having a OSHA compliance inspection tomorrow. The committee will be updated at the next meeting.

Wildland PPE inspections: QR codes have been posted in the bays at all stations.

Development of the Safety Committee; The committee now consists of members; R. Parvin, R. Dandeneau, K. Veit, I. Peterson, K. Smith and K. Veit. New members are still welcome. Training will be delivered via Target Solutions. Committee member Parvin suggested the committee hold meetings on a rotating schedule and conduct station inspections and monthly fire extinguisher checks. The committee agrees, schedule to be developed

Open Discussion:

Peterson: SCBA cylinder hydro testing will start 3/7/2024. This includes cylinders for the packs and filling station.

Dandeneau: Inquired about the status of the districts Narcan order, he will follow up with the EMS coordinator.

Injury Reports: **None**

Accident Reports: **None**

Exposure Reports: **None**

Next meeting will be held April 3rd

Meeting adjourned at 1836

Respectfully Submitted,

Keith Veit

Secretary - Chairman
